

A-SERIES®

The A-Series LED Accessory Light is the universal light that can be used just about anywhere. Vehicle cabs, boat cabins, work vehicle beds, under the hood of a vehicle and trunks are just a few of the places where the A-Series can provide handy bright lighting in otherwise dark environments. The A-Series has a durable compact aluminum housing and includes rubber flat-mount, 3M™ VHB™, 2 way pad for flat mounting, and radius tube-mount adapters, which provide side or bottom wire exits to accommodate different applications. It is lightweight, waterproof, and available in a variety of different LED colors in high and low power versions. The versatility of the A-Series makes it an easy installation on almost anything.

COLOR SELECTION

COOL WHITE

• Cool White matches the kelvin of all other white LED lights.

WARM WHITE

• Warm White is comparable to a 60-watt incandescent light bulb

NATURAL WHITE

• Natural White is similar to being outside on a sunny day.
