

MEGAWARE

***FlexStep*[®]Pro**

**MAKE BOATING EASIER
WITH THE ADJUSTABLE
TRAILER STEP**

Adjustable Boat Trailer Step

The Megaware FlexStep Pro makes boating more convenient than ever. This innovative multi-angle/extendable step system attaches to your trailer frame, allowing easy access to virtually anywhere on your boat. A quick, spring loaded pull handle and locking pin system adjusts the FlexStep Pro to 16 positions for maximum reach.

Using just four bolts, the Megaware FlexStep Pro mounts to your trailer frame (2-3" deep by up to 4" wide*) in just minutes and easily disconnects with a single pin for safe storage during travel.

*Larger trailer frames may be accommodated by purchasing longer bolts available at any hardware store.

Easy Boat Entry and Exit

Easy Access to Windows and Storage

Easy Installation and Stowing

MEGAWARE **FlexStep[®]Pro**

- **16 Adjustable Positions**
- **Extends from 17 to 21 Inches**
