

PRODUCT OVERVIEW:

Track, monitor and control up to 5 switches on your boat from virtually anywhere with the OnDeck system, a fully integrated remote connectivity solution¹. The OnDeck Hub allows you to monitor your boat's battery status, bilge activity, security sensor, GPS location and more. Set up alarm notifications in the ActiveCaptain® app to get updates of any changes that may threaten your boat. When you're ready for a day on the water, OnDeck allows you to turn on up to 5 switches remotely. The ActiveCaptain app keeps you connected to your vessel as the GTB 10 hub collects and stores data. The system comprises the GTB 10 OnDeck Hub, security sensor, temperature sensor, shore power sensor and relay switch. A subscription is required.

KEY FEATURES:

NEW	REMOTE CONNECTIVITY	Remote connectivity solution with configurable alarms that notify ¹ you if a security sensor has been triggered or your boat has moved; internal GPS sensor allows custom geofencing area
NEW	INTEGRATION	Full integration with marine electronics (MFD via Garmin Marine Network, engines, NMEA 2000® sensors) for a seamless addition to the marine system
NEW	TRACK, MONITOR AND CONTROL	Track, monitor and control up to 5 switches on the vessel via the OnDeck system within the ActiveCaptain® app ¹
NEW	CLOUD STORAGE	Securely collect and store vessel data with the GTB 10 OnDeck Hub and store in the cloud for 30 days
NEW	MONITOR	Keep tabs on battery and bilge activity, shore power, temperature and monitors unauthorized boat entry via door sensor
NEW	COVERAGE	Always-on connection with GTB 10 OnDeck Hub global 3G/4G coverage (subscription required) ¹
NEW	BATTERY BACKUP	Up to 48-hour internal backup battery allows access to OnDeck after the boat battery is depleted or the power is disconnected

COMPATIBLE ACCESSORY OVERVIEW:

	SKU	UPC	MSRP	DESCRIPTION	IMAGE
Shore power sensor	010-13009-00	753759256005	\$49.99	Monitor the status of your shore power remotely using the OnDeck Hub and this sensor. Connect this accessory to an electrical outlet and your OnDeck Hub to get started. Compatible with North America, Europe, U.K., and Australia standard electrical outlets from 100 VAC to 240 VAC.	
Relay switch (12 VDC)	010-13009-01	753759256012	\$49.99	Control your vessel remotely using the OnDeck Hub and a relay switch. Always be in control of your vessel by adding up to five relay switches to your OnDeck Hub¹. Verify that the input power for your OnDeck Hub operates between 10 VDC and 15.6 VDC to ensure compatibility with your OnDeck Hub system.	
Relay switch (24 VDC)	010-13009-07	753759263461	\$49.99	Control your vessel remotely using the OnDeck Hub and a relay switch. Always be in control of your vessel by adding up to five relays switches to your OnDeck Hub¹. Verify that the input power for your OnDeck Hub operates between 15.6 VDC and 31.2 VDC to ensure compatibility with your OnDeck Hub system.	
Temperature sensor	010-13009-02	753759256029	\$24.99	Monitor temperature remotely with this temperature sensor for your OnDeck Hub system. Temperature sensor can monitor from -50° to 105°C (from -58° to 221°F).	
Security sensor	010-13009-03	753759256036	\$24.99	Detect unauthorized entry into your vessel with this magnetic security sensor and your OnDeck Hub system. Door or window installation is recommended.	
Data cable (19-pin)	010-13009-04	753759256043	\$49.99	Monitor your vessel with this replacement 19-pin data cable for your compatible OnDeck Hub.	
Power cable (2-pin)	010-13009-05	753759256050	\$29.99	Power your compatible OnDeck Hub with this threaded power cable.	
LTE antenna (replacement)	010-13009-06	753759256067	\$49.99	External LTE antenna for your compatible OnDeck Hub.	

SUBSCRIPTION PLANS:

	Annual Plan²	Monthly Plan
Price	\$12.99/month	\$19.99/month
Activation	Free for first three months with activation	
Contract	Annual contract for service, but billed monthly	No annual contract
Billing	After year contract expires, subscription will continue to bill month to month	Can start and stop service as desired
Cancellation	First 3 months: No charge to consumer if subscription cancelled during three month promotion period Remainder of contract year 1: Cancellation during contract period will bill remainder of the year	Pro rated charge for month of cancellation
