

Quik-Dry® Waterblades

- Soft medical grade silicone molds to curves & contours
- Safely dries painted surfaces, gelcoat, fiberglass, windows, brightwork, showers, & enclosures without scratching
- Dries in 1/3 the time, far quicker than chamois or squeegees
- Patented T-Bar edge dries in one pass leaving the finish dry & streak-free

Quik Dry® Adapter allows you to use the 14" or 18" water blade with any Perfect Pole™ telescoping handle. Dry hard to reach areas like decks, hardtops, roofs, hull sides and more, quickly and easily. Adapter is adjustable to 180°.
