

**LEWMAR®**

## AXIS™ SHALLOW WATER ANCHOR

Our shallow water anchor is designed for waters up to 8 feet deep, ideal for anglers. Easy to install, this anchor is compatible with powerboats under 30 feet and can be conveniently operated by remote control.

# A TOP-PERFORMING ANCHOR FOR SHALLOW WATERS

## Takes Up Less Space

With no hydraulic pump and hoses to worry about the shallow water anchor can be installed quickly and takes up less space.

## Ideal for Fishing

Control your boat with confidence with strong holding power in any bottom conditions

## Choose Your Color

This anchor is available in white or black

## Additional Features

- Easy to remove when trailering or not in use
- Wake dampening/mitigating spike
