

Introducing

Flip Pro Max.

Our most powerful USB charger.

12 & 24V Dual Type-C USB Charger

SC-USB-F3

Designed for use with either a 12V or 24V input and features 2x 60W USB-C charging ports.

It will charge at 36W on a 12V system or up to 60W on a 24V system. This makes it perfect for charging modern laptops and large tablets, phones and any other USB-C powered devices onboard.

When not in use, the spring-loaded cap remains tightly closed, protecting the ports from the elements.

Universal

- Universal fit for any USB-C connectors.
- Fast charge (60W max) up to 2 devices at a time.

Installation

- Easy Install, using a Ø32mm (1.25") hole saw
- Supplied as standard with an optional front fit bezel.

Marine Ready

- IPX4 waterproof with the cover closed
- UV resistant
- 316 stainless hinge and spring

Key Information

To maximize charge performance, use the cable supplied with your tablet, phone etc. (C to C, or C-lightning)

Phones charge at the same speed on either a 12 or 24V system, but a 24V system must be used to get the full 60W output suitable for laptops.

IP rating: IPX4 waterproof when lid is closed

Input voltage 10-30V DC (12/24V System)

Input current Max: 6A (10A fuse recommended)

Standby power draw: 0.01W

USB – C output: 60W max on 24V system,

36W max on 12V system
