

RAM® Skin™ Powered Cradle for Samsung Tab Active3 & Tab Active2

This powered cradle for the Samsung Tab Active3 and Tab Active2 have been designed to meet the demands of field workers in a variety of applications including transportation, field sales, logistics, manufacturing, and much more. Power capabilities are provided to the device through pogo pins, and you can easily rotate the device for use in portrait or landscape mode. This cradle is also compatible with the RAM® Skin™ or factory device skin, as well as GDS® Hand-Stand™ and shoulder strap accessories. Access to the stylus remains while the device is docked. Included is a set of four nuts and bolts to connect the cradle to any RAM® components containing the universal AMPS hole pattern. Also included is the mUSB female pigtail, GDS® USB 2.0 cable, cable clamp, and zip ties. Look to the RAM-GDS-CHARGE-V7BU hardwire charger or the RAM-GDS-CHARGE-USB2QCCIG cigarette vehicle charger for supplying power.
