

SC3-BZSM SERIES

UNDERWATER LIGHT

DESCRIPTION

The SC3 underwater light provides your vessel 24 watts of intense LED lighting. The SC3's are designed with a sub-compact 3.4" diameter bronze housing for under the waterline surface mounting. Available in single color, 2 color and full color versions.

FEATURES

- Proprietary clear gel-filled design, injected through entire unit – eliminates condensation and water intrusion under stress
- Tough, scratch resistant, tempered glass lens with bronze housing – impervious to acetone, and solvents common in demanding marine environments
- Transient surge and reverse polarity protection – dramatically prolongs unit life
- Thermal throttling technology – enables safe operation even out of water
- Can be operated from a standard on/off switch
- Use compatible Shadow-NET™ controller for full-feature lighting control

2 CONTROL OPTIONS

- 1. Power Toggle Control**
Quickly toggle power source to advance to next color or brightness level
- 2. Add Shadow-NET™ Control**
For CC versions: Dramatic, full-feature control through your Multifunction Display (MFD) by adding the Light Commander Shadow-NET™ control module (SCM-LC-PLUS) and app

Shadow-NET™ Modes

- Unlimited shades of color and fading
- Dimming • Strobe rate • Music sync
- Multiple zones • And much more...

Dramatically enhanced lighting capabilities through your existing MFD

SPECIFICATIONS

- Up to 3,000 lumens
- 120 degree beam angle
- 24 watt power draw
- 2 amps operating current draw @ 12 v
- 10-30 volts input
- 3.4" (86mm) outside diameter
- IP68 fully submersible waterproof design

INCLUDES

- Lighting unit
- 3' (1m) submersible grade cable
- 3 mounting screws
- 3 year standard warranty
